## ACKNOWLEDGMENTS

It is with deep gratitude and appreciation that I acknowledge the professional guidance of Dr. Nguyen Van A. His constant encouragement and support helped me to achieve my goal.

My gratitude goes to the other members of the laboratory, Mr. Tran Van B and Mr. Nguyen Thi C. Their technical help and good humor made these years a great learning experience. I am grateful to the faculty of the School of Computer Science of the International University, especially Dr. Nguyen Van D for his support since the beginning of my studies. Gratitude is also expressed to the members of my reading and examination committee.
